Studied super hard for a test last week. Felt like I knew everything I needed to know. Sat down to take it, looked at the first question worth 25% of the grade and realized it was a fluids question from years past that we had never seen in that class and should theoretically know how to do but had never applied what we had studied to it and therefore I and the entire class had no idea what to do.

### **Y'all ever study really hard for a test and just fail it ...**
