Leadership In Organizations 8th Edition

Leadership is both a research area and a practical skill encompassing the ability of an individual or organization to "lead" or guide other individuals, teams, or entire organizations. Specialist literature debates various viewpoints, contrasting Eastern and Western approaches to leadership, and also (within the West) United States versus European approaches.

What Is a Leadership Style? "A leadership style is defined as "A set of behaviors that one consciously chooses to use that BEST FITS the situation. When the situation changes, so does the style." — Murray Johannsen. Using a leadership style means that you are role flexible — we can shift from one style to the next, like wearing a set of clothes.
