List Of Peer Reviewed Nursing

Peer review is the essential part for maintaining substantial standard in publishing and brings out the best possible scientific novel information from the potential authors and researchers globally.

Peer Reviewed Journals List | Open Access OMICS Journals List

Peer review is the evaluation of work by one or more people with similar competences as the producers of the work ().It functions as a form of self-regulation by qualified members of a profession within the relevant field.Peer review methods are used to maintain quality standards, improve performance, and provide credibility.

Peer review - Wikipedia

General Peer Review Information. What is Nursing Peer Review (NPR)? [Tex. Occ. Code §303.001(5)] Nursing peer review is the evaluation of nursing services, the qualifications of a nurse, the quality of patient care rendered by a nurse, the merits of a complaint concerning a nurse or nursing care, and a determination or recommendation regarding a complaint including:

Texas Board of Nursing - Nursing Peer Review FAQ

Clinical peer review, also known as medical peer review is the process by which health care professionals, including those in nursing and pharmacy, evaluate each other's clinical performance. A discipline-specific process may be referenced accordingly (e.g., physician peer review, nursing peer review). Today, clinical peer review is most commonly done in hospitals, but may also occur in ...
