## Documentation - Neotys

HP LoadRunner Agents. To maximize your testing coverage, you distribute Vusers over several load generator machines. A load generator machine is a machine upon which the Remote Agent Dispatcher (Process) and a LoadRunner Agent are installed.. When you run the LoadRunner installation, you specify to install only these components.

## HP LoadRunner Agents - claudihome.com

Script File Actions (Sections) The requests which agents on host machines issue to application servers are specified by a playback of actions created by the Vuser User Generator (VuGen.exe).. LoadRunner creates new scripts with three sections:

## Load Testing Software: Web and Mobile Application Testing ...

Many tool vendors (including Microsoft and HP LoadRunner) have not responded quickly enough with tools for AJAX because of how quickly AJAX has been adopted.

## AJAX RIA web app load testing using LoadRunner

New Here? Help for beginners around the typical stumbling blocks with LoadRunner. [MORE>](#)

## Advantages of LoadRunner | Learn LoadRunner

I am using LoadRunner version 12.02 - Build 2739. Looking at an old, yet correct 'guide' shows that I have used the statements correctly (3rd Point, around 1/3rd of the way down the page, inside the code block - the atoi statement). But I am still unable to convert the \_count parameter to an int-Variable.

## parsing - LoadRunner web\_reg\_save\_param, ord=all ...

While load testing using loadrunner all my virtual users are getting logged off from application after 30 min. Looking in detail came to know that authentication cookie is getting expired even though we have continuous activity performed by users.

## LoadRunner Forms Authentication cookie expired - Stack ...

Download. JMeter have only one out-of-the-box option for threads (users) scheduling: simple ramp-up. But many users, especially with HP LoadRunner experience miss more flexible thread scheduling algorithm. Stepping Thread Group adds to JMeter thread scheduling similar to LoadRunner's.. In JMeter version 2.4 new plugin type was introduced: custom Thread Groups.
