A style guide (or manual of style) is a set of standards for the writing and design of documents, either for general use or for a specific publication, organization, or field.(It is often called a style sheet, though that term has other meanings.). A style guide establishes and enforces style to improve communication.To do that, it ensures consistency within a document and across multiple ...

Sign languages (also known as signed languages) are languages that use the visual-manual modality to convey meaning. Language is expressed via the manual signstream in combination with non-manual elements.Sign languages are full-fledged natural languages with their own grammar and lexicon. This means that sign languages are not universal and they are not mutually intelligible, although there ...
