*One of the features of mathematical thinking that often causes beginners immense difficulty is the

logical precision required in mathematical writing, frequently leading to sentence constructions that read awkwardly compared to everyday text and take considerable effort to parse.

January 10, 2014 - When the City of Sarasota hijacked the Baltimore Orioles spring training program in 2008, the vacated Fort Lauderdale Stadium wound up in the City Commission's lap. They could have either held a garage sale to attract another club, which would mean fixing it up and taking a beating on the rent, or consigning the once proud facility to a slow death hosting little league finals.
