To apply for admissions and financial aid, or for additional information on admissions requirements for the PhD program in pure mathematics, please go to the appropriate Graduate School of Arts and Sciences web site listed below.

Harvard Mathematics Department : Graduate Information

During the Golden Age of Islam, especially during the 9th and 10th centuries, mathematics saw many important innovations building on Greek mathematics. The most notable achievement of Islamic mathematics was the development of algebra. Other notable achievements of the Islamic period are advances in spherical trigonometry and the addition of the decimal point to the Arabic numeral system.
