Teachers have received limited guidance about writing during math instruction. To improve this situation, in 2015, the Elementary Mathematical Writing Task Force, of which three of us were members (Casa et al., 2016), convened to clarify different reasons why students should write in math class and to provide recommendations for writing that might further students' mathematics learning. 1 To ...

Mathematics has no generally accepted definition. Aristotle defined mathematics as "the science of quantity", and this definition prevailed until the 18th century. Galileo Galilei (1564-1642) said, "The universe cannot be read until we have learned the language and become familiar with the characters in which it is written. It is written in mathematical language, and the letters are ...
