What is Technical Matric N3. Description: Technical Matric is a Department of Higher Education and Training (DHET) qualification that has an accreditation of Umalusi and has an NQF level of 04 by South African Qualifications framework. This means that the qualification of Technical Matric is equivalent to that of current National Senior Certificate.

Recursion (adjective: recursive) occurs when a thing is defined in terms of itself or of its type. Recursion is used in a variety of disciplines ranging from linguistics to logic. The most common application of recursion is in mathematics and computer science, where a function being defined is applied within its own definition. While this apparently defines an infinite number of instances ...

Logical Paradoxes. A paradox is generally a puzzling conclusion we seem to be driven towards by our reasoning, but which is highly counterintuitive, nevertheless.

Logical Paradoxes | Internet Encyclopedia of Philosophy

One of the first questions that kids often ask is "What is the biggest number?" This question is an important step in transitioning to a world of abstract concepts. The answer is of course that numbers are generally considered endless, but there gets to be a point where numbers become so big that ...
