On this episode of the Mr Barton Maths Podcast, I spoke to Doug Lemov Let's be honest, Doug is a

legend. He is probably best known as the author of *Teach like a Champion* – a book which has had a huge influence on the last few years of my teaching and thinking, and which I believe is a must for all teachers to read, jam-packed as it is with loads of practical, easy to implement strategies ...

During the Golden Age of Islam, especially during the 9th and 10th centuries, mathematics saw many important innovations building on Greek mathematics. The most notable achievement of Islamic mathematics was the development of algebra. Other notable achievements of the Islamic period are advances in spherical trigonometry and the addition of the decimal point to the Arabic numeral system.
