Irritator is a genus of spinosaurid theropod dinosaur that lived in what is now Brazil during the Albian stage of the Early Cretaceous Period, about 110 million years ago. It is known from a nearly complete skull found in the Romualdo Formation of the Araripe Basin. Fossil dealers had acquired this skull and illegally sold it to the State Museum of Natural History Stuttgart.

Irritator - Wikipedia

Welcome to Simon Callow's website Actor - Director - Writer "Callow is not simply a terrific actor who happens to write - you could as well call him a terrific writer who happens to act."
