The linguistic varieties of Modern Greek can be classified along two principal dimensions. First, there is a long tradition of sociolectal variation between the natural, popular spoken language on the one hand and archaizing, learned written forms on the other. Second, there is regional variation between dialects. The competition between the popular and the learned registers (see Diglossia ...

Printing, traditionally, a technique for applying under pressure a certain quantity of colouring agent onto a specified surface to form a body of text or an illustration. Certain modern processes for reproducing texts and illustrations, however, are no longer dependent on the mechanical concept of pressure or even on the material concept of colouring agent.

Printing - Modern printing techniques: In the first decades of the 20th century all type was set and composed into columns and pages by hand or by mechanical means. These methods are still widely used. The font, which constitutes a complete set of characters of a given typeface, with duplicate numbers of each letter in proportion to the frequency with which each is used, is stored in the ...
